Llama Travel holidays are ATOL protected, and we have strong financial reserves. During covid, we provided no-quibble refunds.

4 Our prices really are lower

If you can find a genuinely comparable holiday available at a better price elsewhere, we will reduce our price to beat it.

5 Speak to someone who's been there

Our staff have travelled to all our destinations, so wherever you want to go, you can speak to someone who has actually been there.

6 Pick exactly the holiday you want

We have over 70 itineraries in this brochure, and you can mix and match extensions to design your own holiday.

7 Our holidays give you more time

Llama Travel itineraries include more time at each destination than other operators. The difference is we don't charge you more.

How Our Holidays Work

Craft your ideal holiday in 5 steps

Probably the best way to describe our holidays is flexible tours, so you can choose where to visit by combining different extensions and excursions, and which hotels to stay in. In most cases, you will be with other Llama Travellers, but not necessarily the same people throughout. Excursions are usually taken in groups of around 10 - 15 people, with a maximum group size of 18.

Step 1:

Choose your Destination

Choose from 24 countries with a range of departure dates. We also have itineraries that cover multiple countries, such as Best of Argentina and Chile.

Step 2:

Choose your Extensions

You can extend your holiday to include more destinations. Perhaps you want to finish your trip with a few days relaxing on the beach. Or visit another country entirely before you go home. **You can add as many extensions as you like.**

e.g. We've chosen the Lake Titicaca and Mancora Beach extensions.

Step 3:

We offer a range of excursions that you can add to your holiday. These can be city tours, game drives, nature hikes, and activities such as ziplining. Check the price box for savings on excursion packages!

Step 5:

Enjoy your Holiday!

From here, you can sit back and look forward to your trip. If, before travel, you'd like to make any adjustments, such as adding extra nights, hotel upgrades, or more excursions, just let us know.

99% of customers who travelled with us said they would recommend us to a friend.

Don't Take Our Word For It

We ask our customers to fill in a questionnaire at the end of their holiday and use this feedback to improve our holidays. We are happy to share their opinions with you. You can find their ratings for excursions and hotels throughout the brochure; just look for the blue bars:

“We are really impressed by your approach to providing affordable long-haul holidays/ tours that do not compromise on quality!”

Mr & Mrs T, 2025

A woman wearing a vibrant, multi-colored patterned headscarf and an orange t-shirt is smiling while working in a field. She is holding a green hose, likely for irrigation. The field is filled with green plants, and the background shows a clear blue sky and some trees.

Responsible Tourism

Llama Travel recognises that tourism has a significant impact, both on the lives of local people and on the natural environment. When carried out sensitively, this impact can be positive, providing employment and income as well as encouraging the preservation of local resources and culture. The economic benefit comes more directly than most other forms of export; through restaurants, shops and other services supplied by locals.

Many countries visited by Llama Travel are developing, and to make a living, natural resources have always been exploited by locals, e.g. through logging in the Amazon rainforest. However, as tourism has become more important economically, there is a growing recognition of the need to preserve natural resources. This can be seen through the increasing number of eco-lodges, where many locals who once would have been involved in hunting or destruction of the forest are now involved in preservation.

Practical ACTION

Llama Travel supports the work of Practical Action, a development organisation founded in the UK in 1965 by Fritz Schumacher, who coined the phrase 'small is beautiful' to describe the need to apply small-scale technology to reduce poverty. Practical Action helps people in local communities to develop ingenious, lasting and locally owned solutions for agriculture, water and waste management, climate resilience and clean energy. In this way, people in poverty can improve their lives. Llama Travel is particularly impressed with the way Practical Action operates, working with local people to develop appropriate solutions that have a long-term impact on their lives.

"With the project, we learned how to produce coffee seedlings, in the shade, pruning, fertilizing, reforestation, diversifying, and producing fertilizer [...] With the improvement of income, I managed to put my children through higher education and implement new businesses such as fish farming, pig farming, and beekeeping."

– Leonor Perez Modragon, Peru

We know that flying creates carbon emissions, and many organisations offer carbon offsetting, with the going rate for a long-haul holiday being around £25. Whilst this is a valid option, we are less comfortable with this approach, as many of these organisations are commercial enterprises, and a lot of the activity undertaken is planting trees, the environmental benefit of which is disputed.

If you would like to donate your £25 carbon offset amount to Practical Action, please let us know. We will match your £25 so that Practical Action receives double your contribution to spend on renewable energy projects. Additionally, we will take £25 off the price of your next holiday with us.

If you contribute £25 to Practical Action, **we will match your donation**, so that Practical Action receives £50. Additionally, we will **take £25 off the price of your next holiday** with Llama Travel.

Extensions to Costa Rica

Manuel Antonio Beach

3 nights from £549

Manuel Antonio

End your holiday in Costa Rica with 3 days on the Pacific coast, exploring the country's smallest national park and enjoying the fabulous beaches and hotel pool. Manuel Antonio is our most popular Costa Rica extension and for good reason.

Costa Rica's stunning Pacific coast, with wonderful beaches fringed with tropical forest, is a great option for a beach extension to your holiday. In Manuel Antonio, the verdant hills roll into the ocean, with white sandy beaches and warm waters for swimming. The Manuel Antonio National Park is 10 minutes from the Hotel Parador. The smallest park in Costa Rica, it's only 6 square miles, with jungle wildlife including sloths, coatis, monkeys, toucans and macaws. Trails are well maintained, and guided tours are available locally, or you can wander on your own.

There are many beaches close to the Hotel Parador. The closest is a sandy cove 5 minutes' walk down a track. The hotel is located on the densely forested Punta Quepos peninsula, with stunning views across the Pacific Ocean. It has three swimming pools, tennis courts, a spa, several restaurants and a bar. Rooms have air conditioning, terraces and en-suite bathrooms, and premium rooms face the ocean, though some have limited views due to vegetation. The nearby town of Quepos has some good restaurants and bars and you can arrange sports fishing tours. Snorkelling excursions, ocean kayaking, mangrove tours and canopy tours are also available.

Day 1-9 Follow itinerary on page 8 - 9.

Day 10 Manuel Antonio (Sat) In the morning, transfer from Villa Blanca to Manuel Antonio. The journey takes around four hours. Spend the afternoon relaxing and settling into your hotel. - B

Mexico

Mexico is perhaps best known to holidaymakers for its Caribbean coastline of soft, white-sand beaches running for miles alongside azure waters, as well as its food, featuring among the most popular cuisines in the world.

You can also get lost in the spellbinding mythology of the resilient stone structures built by the Maya in stunning jungle settings, and even today, customs originating in the pre-Hispanic era are practised in small pockets of Mexico.

Peru

Peru is best known for its ancient cultures, especially the Incas, who dominated much of South America until the arrival of the Spanish Conquistadors in the 16th century. Today, Peru is a fascinating blend of local tradition and European influence.

The Andes run the full length of the country, rising to almost 7,000 metres, and separate the arid coastal strip from the lush rainforest. Over 80% of the world's different ecosystems are represented in Peru, more than any other country.

What to expect

The Inca Trail is a strenuous, high-altitude trek which reaches heights of 4,200m, so you should have a good level of fitness. It may not be suitable if you suffer from vertigo. All our holidays include at least 3 days in Cusco or the Sacred Valley to allow you to acclimatise. Our trek includes porters to carry everything, cooks who prepare a varied menu; tents, sleeping bags and sleeping mats; and a guide who will explain the different Inca sites you pass.

Regulations limit the number of people allowed on the Inca Trail and spaces fill up quickly. Therefore, we recommend booking well in advance. The Inca Trail is scheduled to use the campsites we've listed here, however the Peruvian government only confirms campsites shortly before the start of the trek, so it is possible that these will differ.

GALAPAGOS ISLANDS

Plan Your Galapagos Holiday

Choosing your Boat or Hotel

A cruise is the best way to see the diversity of the Galapagos, as you have the opportunity to visit several different islands. We offer a choice of four 16-berth motor yachts, and eight different cruise options, ranging from 4 to 8 days. You can also combine cruises for a longer itinerary. If you prefer to be based on land, then staying in a hotel allows you to experience the wildlife of the Galapagos during the day, whilst returning to the comforts of a hotel in the evening. The Finch Bay and Galapagos Suites are our land-based options.

Visiting the Galapagos Islands

On all Galapagos itineraries, you have land and sea excursions in small groups of less than 16 people, and the opportunity to go snorkelling. On the boats, there is usually a morning excursion and an afternoon excursion each day, with lunch on board the boat. On some days you will visit two different islands in a day, and on other days, you will visit different visitor sites on the same island. In the Galapagos Island Stay option you typically have one excursion per day, returning to the hotel in the late afternoon.

Although the boats vary in their routines slightly (for instance, some have buffet lunches and some have served meals), all follow a similar pattern. Here's what you might expect on board:

A Typical Day on Board...

Breakfast is served from 7am, before your first excursion of the day. At around 8.30am, board a dinghy and ride to a nearby island. You will have either a wet or dry landing, then explore the island led by your naturalist guide. Each island is different, and your guide will point out the colourful flora, fauna and geology that makes each of them unique. After you have explored the island, there is usually the opportunity to snorkel from the beach. Return to your boat in the late morning, with time to shower and change before lunch is served.

After lunch, you have some free time to relax whilst the boat sails to the next island. You can look out for dolphins and frigatebirds from the deck. At around 3pm, take another dinghy ride for your second excursion of the day. Return to the boat in the late afternoon with time for a drink whilst your guide outlines the following day's itinerary, then dinner is served. The boat will usually sail at night to make sure you arrive at the next island early in the morning.

Visiting Mainland Ecuador

To visit the Galapagos Islands, you must travel via mainland Ecuador, a great place to visit in its own right. All of our Galapagos holidays include time in the elegant capital city of Quito, high in the Andes. From here you may choose to spend a night in a cloud forest lodge, a wildlife experience that goes hand-in-hand with the Galapagos. For something cultural, you can visit Otavalo, South America's largest indigenous market, or take a cultural tour of the capital. See pages 44 - 45 for excursions in Ecuador.

You can also extend your time in Ecuador with a visit to Cuenca and the Avenue of the Volcanoes (page 46), Ecuador's most beautiful city and the home of the Panama hat. Or you can take a trip into the Amazon Rainforest (page 47), staying in a jungle lodge and walking the wildlife trails. If you can't choose between the two extensions, you can see it all with our Grand Tour of Ecuador (See our website for more information).

Some useful information

WHEN TO GO & ITINERARIES

The islands and the wildlife are experienced both on land and in the water. Although you can get incredibly close to the wildlife in the Galapagos Islands, you are not allowed to touch. The Galapagos Islands can be visited year round, and wildlife can be seen all year. Some birds (such as the Waved albatross) are only present at certain periods of the year; and some animals are only present on certain Islands. If you would like to see a specific animal, please ask us for details.

Itineraries are fixed by the Galapagos authorities and cannot be varied. However, these are subject to change by the park authorities at short notice and can be affected by local conditions, airport closures or other factors. The activities at each site specified in the itineraries may vary and will be determined by the guide. Some longer cruise itineraries are made up of 2 shorter cruises, and so some guests may start or end their cruise on these changeover days.

MEALS

Drinking water, tea and coffee are provided, but alcoholic and soft drinks are usually extra. All cruise itineraries are full board. Galapagos Island Stay itineraries include breakfast and lunch. Hotel extensions in Galapagos are bed & breakfast.

GEOGRAPHY

The Galapagos Islands are in the Pacific Ocean 1,000km west of Ecuador. Flights from Quito take 3 hours, with a brief stop in Guayaquil.

GUIDES, TIPPING, & PARK FEES

All Galapagos guides are registered with the national park. All Llama Travel holidays include experienced English-speaking naturalist guides.

Tipping the crew and guides on board is usually well deserved, and expected. Tips are usually around \$30-40 per person per day.

The Galapagos National Park entrance fee of US\$200 and the transit tax of US\$20 are included in the price of all our Galapagos holidays.

LAND EXCURSIONS

You explore the visitor sites, seeing the wildlife, flora and geology at very close quarters. Most excursions require some walking, often on rocky and uneven surfaces, so a reasonable level of fitness is required. To reach the islands it is necessary to go from your boat in a panga, a small dinghy. On a dry landing, you will step out of the panga onto rock. On a wet landing, you will step out of the panga into about a foot of water, and wade to land.

SNORKELLING

For many people, the highlight of the visit to the Galapagos is snorkelling among the sea life, including sea lions, turtles, penguins, rays and sharks. Snorkelling equipment is available for rent, or you can take your own. If you need a mask with prescription lenses, it is best to get this before you leave. Wetsuits are also available for hire. Please ask us if you are interested in hiring a wetsuit. If you do not want to snorkel, it is sometimes possible to remain on the beach. However, at some sites this is not possible, and you will stay on board your boat.

NIGHT SAILING

Sailing between the islands is usually done in the early morning or late evening. However, for some longer distances, the journey is made at night. In this case, there may be more movement and the noise of the motor can be heard.

Optional Excursions in Ecuador

Llama Travel's holidays give you time to explore the beautiful capital city of Quito and the majestic Andes surrounding the city. A visit to the colonial centre is a must, and the amazing nature in the Bellavista or Mashpi Cloud Forest Lodges is also a highlight. You can strike a bargain in Otavalo, the largest indigenous market in South America.

OTAVALO

Take a trip to South America's largest indigenous market, and get a taste of the incredible crafts and culture of the Andes.

Leave Quito in the morning, passing through typical highland towns, and making a brief stop as you cross the equator. Continue to a bird sanctuary where you can see majestic condors and various raptor birds, then stop for lunch at a local restaurant in Peguche.

After lunch, visit an artisan project in Otavalo which provides an insight into textile weaving, herbal medicine, and local traditions. Continue to a local workshop where traditional Andean instruments are made, then drive to the famous Otavalo market, widely regarded as the best in all Ecuador. Here you have time to explore and pick up souvenirs like pan flutes, ponchos, and local crafts. After exploring the market, take a 90-minute journey back to Quito, arriving in the evening. - L

79%

COLONIAL QUITO

Visit the highlights of Quito on this half-day guided tour of the city. The morning begins with a trip to the Virgin of Quito, which looks out over the city from atop Panecillo Hill. From here, at over 3,000m above sea-level, you have great views of the city and the 17 volcanoes which surround it.

Descend into the city and visit Quito's main square, which is flanked by the cathedral, the archbishop's palace and the presidential palace. Then stroll down a market street to the Church of La Compañía, renowned for its extravagant use of gold ornamentation. Next, visit the Plaza San Francisco, home to the largest monastery in any of South America's historic centres.

Finish the tour in La Ronda, where the narrow pedestrian streets are lined with galleries, bars and traditional market stalls. Here you visit an artisan workshop.

BELLAVISTA CLOUD FOREST

Just two hours from Quito is Bellavista, a secluded nature spot on the jungly hillsides of the western Andes. This spectacular private reserve protects several hundred hectares of majestic, and fairy-tale-like, cloud forest, home to a rich variety of tropical wildlife. Bellavista is renowned for tropical birds, especially hummingbirds, frequenting feeders around the lodge.

Depart early from Quito, arriving at Bellavista Lodge for breakfast, followed by a guided walk through the cloud forest. Enjoy the rest of the day exploring on your own, either following trails or admiring the birds and flora. After lunch, return to Quito in the afternoon.

This full-day excursion offers the chance to hike nature trails and watch hummingbirds up close. The lodge, at 2,200 meters, provides great views. Note: Heavy rain is common, and paths can be slippery. The final part of the drive is on a bumpy road. - B, L

BELLAVISTA CLOUD FOREST (2 DAY)

With nearly two full days at the lodge, you have time to explore longer trails and visit one of the four beautiful waterfalls nearby. Each day at Bellavista includes a guided walk with an knowledgeable guide who will help you to spot the diverse wildlife of the cloud forest. You can also follow self-guided trails from the lodge, or simply sit and watch the hummingbirds flit around the feeders. Return to Quito on the evening of the second day. - B, L, D, B, L

An optional cock-of-the-rock excursion is available for a supplement, please ask us if you are interested in this option.

MASHPI CLOUD FOREST LODGE (2 DAY)

This Mashpi Lodge excursion is a more luxurious way to explore the cloud forest. Depart Quito in the early morning and travel 3 hours to the 1,300-hectare Mashpi Reserve.

View the canopy from the observation tower, and have a go on the "sky bike", pedalling along a cable through the treetops, or ride the Dragonfly gondola (supplement paid locally). Walk the reserve's trails with an experienced guide, perhaps visiting the Copal waterfall surrounded by mossy trees. There are also lectures - particularly interesting as Mashpi is also a conservation research organisation. In the evening, enjoy a meal in the on-site fine dining restaurant.

Wake early to spot nearby birds in the forest, and set off for Quito in the late morning, arriving in the afternoon. Alternatively, you can stay at Mashpi for two nights, to make the most of the incredible wildlife. - L, D, B, L

4 nights from £1549

The highlands of Atacama

Machuca village

Visit the world's driest region

The Atacama Desert, the driest desert in the world, offers an incredible contrast to the glaciers of Patagonia. The town of San Pedro de Atacama has been inhabited since the 15th century, and there are numerous archaeological sites in the area.

Day 1 Atacama Fly to Calama and then transfer to San Pedro de Atacama, high in the desert at 2,400 metres above sea level. In the afternoon, visit the Valley of the Moon, a dramatic lunar landscape of barren hills and plains. Climb a sand dune to watch the colours of the surrounding mountains change from gold to red as the sun sets (3 nights). - B

Day 2 Atacama After breakfast, drive to the Atacama Salt Lake, where the salt crystals stretch out for miles and flamingos gather to nest. Drive through the Andes to the beautiful Altiplanic Lagoons of Miscanti and Miñique, stopping on the way to appreciate the panoramic views. At 4,500 metres above sea level, the lagoons are located in a stunning landscape of mountains and volcanoes, with unique flora and fauna. Walk along the lagoon shores before continuing to the town of Socaire for lunch, where a traditional farming lifestyle still thrives. - B, L

Day 3 Atacama A 4am start for a 90-minute bumpy drive to the El Tatio geysers. At 4,300 metres above sea level, these are some of the highest geysers in the world, and the water and steam jets create an incredible sight in the early morning light. You have breakfast here

before visiting the village of Machuca, where ancient llama caravans used to rest. You return to San Pedro in time for lunch. - B

Day 4 Santiago Transfer to Calama for your flight to Santiago (1 night). - B

Excursions in the Atacama Desert are taken in English and Spanish-speaking groups and may be with tourists of other nationalities. The order of the excursions may change as not all excursions are available every day.

Easter Island is the most remote inhabited island in the world, almost 2,200 miles from the coast of Chile. This volcanic island in the South Seas is only 15 miles across at its widest point, but was home to a culture which created over 800 giant stone statues.

Almost 400 moai are still found in this area. Climb the volcano to the restored Ahu Tongariki, with 15 moai, including the largest on the island. After a packed lunch, continue to Anakena Beach, a white coral sandy beach where you can swim in the Pacific. - B, L

Day 3 Easter Island Drive to the Rano Kau volcano, the ceremonial centre of Orongo and the birdman cult, where an annual race was held to bring back the first sooty tern egg from a nearby islet. India

India is home to an incredible breadth of diversity of culture, landscapes and wildlife. The bustling streets of Delhi provide a contrast with the majesty of the Taj Mahal in Agra, the wildlife of Ranthambore, with tigers and elephants, and the serene beaches of Goa.

Beyond the Golden Triangle, Rajasthan contains majestic palaces; Amritsar's Golden Temple is one of India's greatest wonders; Varanasi is where life and death mingle on the River Ganges; Shimla, in the foothills of the Himalayas, is where the British established their summer capital; and Goa, with its sun-soaked beaches, and Portuguese-influenced architecture, offers a completely different coastal charm.

Cherry Blossom

Cherry blossom season is a particularly special time in Japan, when the streets are bathed in a wash of pale pink flowers. The season usually begins in late March and lasts only a couple of weeks, when locals flock to the local parks to hold hanami (flower viewing) parties. This is a popular time to travel, so we advise booking early! Autumn is another colourful time of year for Japan, bringing shades of red, copper and gold.

When in South East Asia...

Vietnam, Cambodia and Laos offer an unforgettable experience for every kind of traveller. These South East Asian gems boast ancient temples, vibrant cities, fantastic cuisine, and rich history. You can explore the Vietnam War tunnels near Ho Chi Minh City; visit one of the world's most awe-inspiring archaeological sites in Cambodia; escape to the serene hillside of Mai Chau; or even bathe in the Kuang Si Waterfalls in Laos. Whether you're seeking adventure, culture, or relaxation, these three countries' diverse charm and vibrant cultures will captivate you. Here are a few of our favourites:

EXPLORE ANGKOR WAT

Angkor Wat, one of South East Asia's most iconic landmarks is part of the world's largest temple complex. In the heart of Cambodia's jungles, these temples showcase stunning architectural symmetry and intricate carvings.

Angkor Wat, where tree roots envelop the stone pillars, is part of the larger Angkor complex, a vast network of over 1,000 temples covering an area the size of Paris.

EXPERIENCE RURAL VIETNAM

The image of a rural idyll, with verdant hills and rice paddies, is perfectly captured in the peaceful mountains of Mai Chau, which provides an escape from the bustling streets of Hanoi, four hours away.

On our Rural Vietnam extension you will catch a glimpse of local traditions and the lifestyle of a tribal community by visiting some of the local Tai Don villages to learn about their culture.

WANDER HANOI'S OLD TOWN

Vietnam's capital is a mix of tradition and modernity. At its heart lies the Old Quarter, an amalgamation of narrow lanes and shophouses dating back to the 15th century.

The Old Quarter is famous for its market streets, named after what they used to sell. For example, Hang Bac is packed with jewellery shops, while Hang Gai is famous for its silk and tailoring.

CRUISE THROUGH LAN HA BAY

Lan Ha Bay is the more-secluded neighbour of Ha Long Bay, and the smallest of the three primary bays in the area. Explore the pristine waters, and caves.

Lan Ha Bay offers some of Mother Nature's best views, with landscapes that took over 500 million years to form. Get closer to the limestone formations by taking a rowing boat or a kayak out to explore.

EAT VIETNAMESE FOOD

In between the sightseeing, try Vietnam's delicious food. From street-side vendors to high-end restaurants, Vietnamese food is some of the best in South East Asia.

With dishes like pho, noodle soup, banh mi, and fresh spring rolls, the main flavours come from herbs, and meals are often accompanied by a jar of chili oil.

DISCOVER CULTURAL LAOS

Luang Prabang is renowned for its rich cultural heritage and natural beauty. As the former royal capital of Laos, it boasts over 30 stunning temples and a blend of traditional Lao and French colonial architecture.

As the capital moved to Vientiane in the mid-16th century, Luang Prabang retained its charm and remained an important spiritual and cultural hub.

Vietnam, Cambodia & Laos

Within Vietnam's borders there is a wealth of natural beauty and cultural diversity. Glide along the waterways of the Mekong Delta, sail among the limestone islets of Lan Ha Bay or cycle through the undulating terraced hills of Pu Luong.

Nearby Cambodia is home to one of the world's greatest man-made structures. The temple complex of Angkor Wat is the largest in the world and its ornate spires and intricate reliefs tell stories of ancient kings and mythical deities.

Steeped in culture and spiritual significance, Laos boasts ancient temples, vibrant markets and a unique landscape of jungly hills and waterfalls.

A morning departure for the My Son temples, driving an hour and a half inland from Hoi An. Your guide will tell you about the history of the temples and the fascinating Champa civilisation that built them. The Chams were a Hindu culture that ruled central and southern Vietnam from the 3rd to the 19th century, and the My Son temple complex dates back to the 4th century. The site was used for religious ceremonies by the Kings of Champa, and was a burial place for royalty and national heroes. The Chams saw the mountain valley as a symbolic representation of Mount Meru, the Hindu equivalent of Mount Olympus. Return to your hotel in Hoi An, arriving around lunchtime.

There is lots of walking on uneven paths on this holiday, and the weather is usually hot and humid, so a good level of fitness is required.

You can add Mulu National Park or Danum Valley to this holiday. Please see our website or call us for details.

MANGROVE CRUISE

Drive for around 45 minutes, then board a boat for a cruise through the mangroves of the Santubong and Salak Rivers. Look for wildlife such as otters, crocodiles, and mudskippers, with the chance to see the rare Irawaddy dolphin near fishing boats. Pass dense red and black mangroves before returning to Kuching.

RAINFOREST NIGHT WALK

Explore the rainforest after dark, starting at the canopy walkway at the Rainforest Discovery Centre, where many of the island's most fascinating creatures come to life at night. With a guide and powerful torch, look for frogs, owls, civets, flying squirrels, snakes, and, if lucky, the rare Bornean tarsier or slow loris. The walk is approximately 5km up and down in humid conditions, so a good level of fitness is required.

NIGHT RIVER CRUISE

After dinner, board a boat for a gentle cruise looking for wildlife along the riverbanks, including owls, bats, civets and snakes. With luck, you might see crocodiles, sleeping birds, and even the nocturnal activities of elephants. Enjoy the peaceful sounds of the rainforest before returning to your lodge.

GOMANTONG CAVE

Gomantong is a stunning limestone cave. Locals climb the cave walls to collect bird nests made from swiftlets' saliva, and the surrounding primary forest is home to orangutans. At dusk, climb a long, steep staircase to try to witness the exodus of hundreds of thousands of bats, and bat hawks hunting. The cave is smelly and slippery with guano, and cockroaches are underfoot, so this excursion is not for everyone.

Where to go on Safari

Going on an African safari is one the greatest wildlife experiences on earth, and there are many ways to do it. For instance, you could stay in a luxury lodge in the Kruger, or camp under the stars in the Okavango Delta. A safari could be the main focus of your trip, or it can be part of a wider cultural experience. Whatever kind of holiday you are after, we have something for you. This guide will help point you in the right direction:

Kenya

page 101

The Quintessential Safari

Kenya's is the classic safari destination, and our safari includes stays in comfortable lodges in different locations, including the Masai Mara where you can spot all of the big five: lions, leopards, elephants, rhinos, and buffalo. Your safari guide accompanies you throughout, travelling in a 4-wheel drive vehicle with a maximum of 6 passengers. There are two game drives a day, maximising your chance of seeing the wildlife. You can even extend your safari with an Indian Ocean beach stay.

South Africa

page 105

Safari, Cape Town & Winelands

South Africa is the ideal destination to take a safari if you want to combine game drives with other attractions. First, stay in a safari lodge for three-nights with excellent game viewing in a Kruger game reserve. Then, continue to explore Cape Town and the scenic Garden Route, where you can spot wildlife such as whales, penguins, and meerkats, and taste South African wine in the Cape Winelands of Franschhoek. You can even extend your trip to visit the Victoria Falls in neighbouring Zimbabwe.

Namibia

page 113

Safari & Wilderness

Namibia is the perfect place to combine fantastic game viewing with incredible landscapes and few people. Part of the joy of visiting Namibia is just taking in the incredible wilderness: mountainous red sand dunes, ghostly petrified forests, vast salt pans, and bare coastline. On top of this, there's the endless wildlife: lions, elephants, rhinos, giraffes, and much more. The coast is also a great place to see marine animals such as whales, dolphins, seals and turtles, and a wealth of birdlife.

Botswana

page 117

Okavango Delta Mobile Safari

The Okavango Delta offers perhaps the best game-viewing in the world. Where the Okavango River flows into the Kalahari, it creates wetland habitats that support an incredible diversity of wildlife. Staying in a mobile safari camp immerses you in the heart of this environment and gives you more time with your guides, who can tailor the experience to your interests. At the camp, you are looked after by a team of porters and chefs, and stay in comfortable tents with en-suite bathroom areas.

Kenya

Nestled on the coast of East Africa, straddling the equator, much of Kenya is made up of vast wildlife reserves home to the Big Five and hundreds of other species. Kenya also boasts white sand beaches, flamingo-filled lakes and snow-capped mountains.

The greatest density of game resides in the Masai Mara National Reserve, renowned for the great migration which happens between June and September.

Namibia

Namibia is one of the least densely populated countries on earth, filled with wide open spaces and diverse landscapes. Wildlife is endless, with lions, elephants, cheetahs, giraffes, rhinos and around 700 species of birds, as well as marine life on the coast.

Long journeys are as much part of the adventure as the destinations are - you cover over 2,000 kilometres on this trip. Sitting and absorbing the vast landscapes is as memorable as spotting game or climbing one of the tallest dunes in the world.

Botswana & Victoria Falls

Botswana's vast nature reserves offer some of the greatest wildlife viewing in the world. The Okavango Delta is teeming with animals that gather around the waterways, and Chobe is known for large herds of elephants, with up to 85,000 gathering in the dry season.

The nearby Victoria Falls are the world's largest single sheet of water. High water is from February to July, with the flow at its fullest in March and April, creating an incredible spectacle, although the amount of spray can obscure the view. August to January are low water, with November and December having the lowest flow, when parts of the gorge are water free, although the lower spray means the views are much clearer.

What to expect on a Mobile Tented Safari

A Letaka mobile-tented safari is an adventurous way of experiencing one of the world's great wildlife areas. With a maximum of seven guests, you will be well looked after by a guide, chef and up to two general staff. After being met by your guide at the airstrip, you are driven through the park in an open game vehicle to your first camp, when you will be assigned a tent.

The camp consists of a campfire area, an open-sided covered dining area with table and chairs, and individual sleeping tents. Safari tents are thick canvas with mesh windows and doors which can be left open to let in a breeze, or zipped closed to keep out the cold. There are no fans so tents can get hot during the day. There are single camp beds and a small shaded porch with camp chairs. There is an open private bathroom area with a bucket shower and pit toilet. Single, twin and family tents are available. There is no phone signal or WiFi. The camps are not fenced, so wild animals can wander through. You should not leave your tent after lights out.

Mornings in the bush start early. You rise before sunrise for a simple breakfast of toast, cereal and fruit, followed by a game drive. After the sun is up you stop in a picturesque spot for a tea break, then return to camp for an early lunch. The rest of the afternoon is free to relax. In the late afternoon head out for a second game drive, returning to camp for a simple but tasty three-course meal, enjoyed under the stars with the fire crackling in the background. Alcoholic drinks are included. Vegetarian meals can be catered for, but not vegan or other dietary requirements. Tipping of approximately US\$25 per person per day is recommended.

Jordan

Jordan has acted as a crossroads throughout history, with ancient Romans, Ottomans and European crusaders leaving their mark. The elegant rose façades of Petra, carved into the face of the Siq slot canyon, were part of a bustling city on the incense trade route.

From the frenetic buzz of urban Amman, the enchanting starkness of Wadi Rum and the peacefulness of the Dead Sea, Jordan is a place that has captivated ancient explorers and continues to entice a new generation of travellers.

Choosing your flights

There are usually several flight options to get to your destination. Our holidays are scheduled to use the most advantageous air fare, but you can also choose the airline you prefer and we will let you know if a supplement is payable. Flights are sometimes operated by another airline in an airline alliance.

Fly from an airport near you

Most airlines offer the option of flying from regional hubs in the UK, so you can fly from your local airport. We can arrange this for your holiday, making for a more comfortable and convenient journey. A supplement is usually payable for regional departures, as prices vary for each airport.

Booking your own flights

If you would like to book your own flights, perhaps through an airline loyalty programme, this is not a problem. We will still arrange airport transfers in your destination. Just ask us for the discount we can offer on our holiday prices. Please do not book flights until we have all services confirmed in destination.

Premium Economy

Many airlines such as British Airways, Iberia, KLM, Virgin and Emirates offer a premium economy service on long haul routes. These include comfortable seats which recline further and have more legroom. There are better meals and a bar service.

Business Class

Most airlines offer a business class service on long haul flights, with seats that convert into fully flat beds and have a privacy screen, as well as better meals, preferential check in and access to business lounges in the airport.

Booking Conditions

1. Your contract

Your contract is with Llama Travel Limited, registered in England and Wales, number 4370517. The following conditions will apply to your booking and form part of your contract. They cannot be varied and should be read carefully. A contract will exist when we accept your booking and issue our confirmation invoice. The contract and all matters arising from it shall be governed by English law and be subject to the exclusive jurisdiction of the English courts. All correspondence will be sent to the lead passenger of the booking unless otherwise advised. You must be over 18 to book a Llama Travel holiday. Llama Travel holidays are not for resale. The lead passenger accepts these booking conditions on behalf of all persons named in the booking.

2. Deposits and final payments

A deposit of 10% of the holiday cost is required. On some occasions a higher deposit is required, we will advise you if this is necessary. When this is received, we will issue a confirmation invoice. The balance of the payment must be paid 90 days before departure. If the booking is made less than 90 days before departure, full payment must be made when booking. On some occasions, earlier balance payment may be required to secure flight seats or other services. In order to secure your holiday arrangements in some cases, we may ask for a payment in advance before we can reserve the appropriate services. This payment is not refundable if you subsequently decide not to proceed with the booking.

3. Our prices

Brochure prices are based on the latest known information at the time of preparation – 5 June 2025 (£1 = US\$1.35, £1 = ZAR24, £1 = JPY194, Brent Crude oil \$63 per barrel) but can go up or down. Before making a booking, please call us to check the correct up to date price of your chosen holiday.

Once you have made a booking and we have issued our confirmation invoice, your holiday price can only be varied due to a significant increase in costs, fees, taxes, or similar items. The VAT rate for holidays outside the UK is zero.

4. Alterations or cancellations by you

If you wish to alter your holiday arrangements before departure, we will do our best to help. An administration fee of £25 per passenger will be charged, together with any additional costs incurred as a result of the change. If you make any alterations within 60 days of departure, we may treat this as a cancellation, and apply cancellation fees. Scheduled airlines treat name changes as a cancellation and rebooking; any alteration is likely to incur a 100% cancellation charge. Please make sure that all names you give us are spelled exactly as they appear in passports.

It is not normally possible to make alterations after commencement of travel. If you do wish to make alterations during your holiday, cancellation fees for services booked may apply. Refunds cannot be made for any unused accommodation, services or transport. We recommend that you take out full travel insurance with cover against cancellation penalties, including in the event of force majeure; see section 6 below.

We commit to and confirm services in advance. If you wish to cancel your holiday, you must let us know in writing. The following cancellation charges apply:

Days before departure when you notify us	Penalty
90 days or more	Loss of deposit
61 to 89 days	25% of holiday cost, or deposit if higher
31 to 60 days	60% of holiday cost (75% for cruise or safari holidays), or deposit if higher
30 days or less	100% of holiday cost

In some cases, the balance payment may be due earlier than 90 days before departure. We will advise you if this is the case. If any part of the balance payment is required earlier than 90 days before departure, this will normally be non-refundable in the event of cancellation.

Where one person in a party cancels and others still wish

to travel, single room supplements will be payable if this results in single rooms being used.

5. Alterations or cancellations by us

We make careful arrangements with airlines, hotels and service operators to ensure that we are able to provide you with the holiday as described. However, in exceptional cases, it may be necessary to make changes to your holiday arrangements (including airlines, flights, accommodation, transport or services) due to circumstances beyond our control. Flight times are given only as indications, and finalised times will be shown on your tickets.

When changes are necessary, we will do our best to ensure that they do not affect your holiday. If, before you depart, a major change is necessary (defined as a change of itinerary so that you are no longer able to visit a destination where you are scheduled to spend one or more nights or an appropriate alternative destination, or a change of accommodation to a lower standard or category affecting a significant part of your holiday) or if we have to cancel your holiday, we will contact you and offer you the choice of:

1. Accepting the changes to your holiday;
2. Purchasing another available Llama Travel holiday;
3. Cancelling your holiday with a full refund.

If we have to cancel your holiday less than 60 days before departure, other than in the event of force majeure (see section 6 below), you will be entitled to compensation at the following levels:

When notified	Compensation per person
43 – 60 days before departure	£50
29 - 42 days before departure	£100
15 - 28 days before departure	£150
0 - 14 days before departure	£200

6. Alterations or cancellations by you or us in the event of force majeure

If, prior to departure, we have to make major changes to, or cancel, your holiday in the event of force majeure, we will contact you and offer you the above choices. However, compensation will not be paid.

If, in the event of force majeure, it is not possible for your holiday to proceed, we will endeavour to recover from suppliers, and refund to you, monies paid for your holiday, but where we are unable to do so, you may be able to claim for irrecoverable costs from your travel insurance. We do not accept liability where the performance of our contractual obligations is prevented by force majeure.

Force majeure events include war, threat of war, civil unrest or strife, decisions by governments or governing authorities, epidemic, natural disasters, fire, bad weather, terrorist activity, nuclear disaster, industrial disputes, technical or maintenance problems with transport or accommodation, changes of timetables of airlines, or other causes beyond our control.

7. Minimum group size

Most holidays can operate with a minimum of 2 passengers, but some holidays have a higher minimum group size. If we have fewer than the minimum number of passengers, we will let you know two months before departure. In this case, we will refund you any monies paid or offer you an alternative option. No compensation will be paid.

8. Our responsibilities to you

Llama Travel is dedicated to ensuring that your holiday is as described. If a part of your holiday is not provided as promised, please inform us at the time. If this affects the reasonable enjoyment of your holiday, we will pay compensation appropriate to the circumstances. If you do not inform us at the time, Llama Travel accepts no responsibility for the situation as we will not have been given the opportunity to rectify the problem.

Llama Travel accepts responsibility for illness, personal injury or death caused as a direct result of the negligence of our employees or suppliers while acting in the course of their employment to provide services or arrangements for your holiday that you have booked with us in the UK. We do not accept responsibility for illness, personal injury or death

where there has been no fault of our employees, agents, suppliers or sub-contractors, or as a result of taking part in any activity which does not form part of the holiday booked through us in the UK. Where illness, personal injury or death arises in the course of air travel, rail travel, sea travel or hotel accommodation, the amount of compensation you may receive is limited in accordance with the provisions of any International Convention.

9. Your responsibilities

Clients are responsible for ensuring that all immigration and health requirements, including for covid, are fulfilled; for obtaining travel documents, including passports, visas and vaccination certificates; and for ensuring that these are all in order, including for any intermediate stops on international flights. Non-compliance may result in you being excluded from the holiday with no refund. You must not travel if you are required to isolate by health authorities and standard cancellation terms will apply. If you are required to isolate when on holiday, you will not be entitled to a refund for unused services, including flights. You accept the risks of catching covid-19, being required to isolate or be tested and we recommend you have suitable travel insurance to cover such circumstances.

We require your passport details to issue some tickets. If these change after you have given them to us, you must inform us. If the name on your airline ticket does not match that on your passport, you must inform us as soon as you receive the ticket.

It is your responsibility to behave in a responsible, restrained and sober manner when dealing with local authorities, fellow travellers and our representatives.

By taking a Llama Travel holiday, you agree to accept the authority and decisions of our employees and representatives. If, in the opinion of such people, your behaviour or health is likely to threaten the safety, comfort or progress of a tour, then you may be excluded from the tour without refund or compensation. It is your responsibility to obey local laws, otherwise you may be excluded from the holiday and we will cease to have any responsibility for you.

Please bear in mind that travel to Llama Travel destinations is not the same as travel in the UK, and inconveniences and delays may arise due to weather conditions, strikes, demonstrations, the poor state of roads or for other reasons. By travelling with Llama Travel, you are implicitly accepting this part of the way of life in these countries.

10. Flights

We have no control over international or national air carriers, and therefore schedules or airlines used may change or flights be delayed due to no fault of our own. A change of flight time or airline due to schedule changes or flight cancellations is not treated as a major change. We will try to ensure the smooth flow of all your transport connections, but it is your responsibility to check exact times of flights. This is particularly important for internal flights, which can be rescheduled at short notice. Llama Travel accepts no responsibility for the consequences of flights missed due to the client's failure to confirm exact details.

When you travel with an airline, the Conditions of Carriage of that airline apply, some of which will limit or exclude liability. These conditions are the subject of International Agreements between countries.

It is your responsibility to arrive at the departure airport at the appropriate time and to check in for your international flight, and to change aeroplanes if necessary, at intermediate airports. If you wish to sit in a specific seat, or wish to sit with other people on the flight, it is recommended that you check in early or check in online where possible. It is sometimes possible to reserve seats directly with the airline online prior to travel.

Airlines do not allow more than one booking per passenger on a flight and may cancel seats if they are held by more than one operator. Clients are responsible for ensuring they are not holding flights with another operator.

11. Baggage allowance

Most airlines have a baggage allowance of 20kg per

Holiday Information

passenger, or sometimes less. Carrying excess baggage will normally incur an expensive additional cost payable at check in. Additionally, certain excursions have a limited baggage allowance. Where this is the case, you will usually be able to leave the rest of your luggage in storage. Llama Travel accepts no responsibility for the delay, loss or damage of luggage.

12. Insurance

You must have adequate insurance provision to cover the cost of assistance, including emergency repatriation, in the event of illness or other problems occurring during your holiday.

13. Complaints

If you have any complaints about your holiday arrangements when you are abroad, please bring these to the attention of our local representatives who will do all they can to ensure a swift and satisfactory resolution. Problems can usually be sorted out by talking to the supplier concerned (e.g. hotel) and our local representatives or by informing us directly. If this is not done, Llama Travel accepts no responsibility for the situation, as we will not have been given the opportunity to rectify the problem. If you do not inform us, your consumer rights to compensation may be affected. If you have tried and failed to rectify the situation whilst abroad, please send us your complaint in writing within 28 days of returning to the UK. We will then follow up your complaint. Communication with destinations is often slow, so we may not be able to resolve the situation as quickly as you would like.

14. Financial protection for bookings made in UK for UK residents

The air holidays in this brochure are ATOL protected, since we hold an Air Travel Organiser's Licence granted by the Civil Aviation Authority, number ATOL 5804. If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme. For holidays not including flights, bookings are insured by IPP Ltd and its Panel of Insurers. For further information, see www.ipplondon.co.uk.

15. Brochure and website information

The information in our brochures and on our website is, to the best of our knowledge, correct at the time of going to press. However, details of flights or hotels may vary during the lifetime of a brochure. These changes will be reflected on our website where possible.

The copyright on all material in our brochures and on our website, including text, photographs, maps and layouts is held by Llama Travel Limited. No part of these publications may be reproduced, stored or transmitted in any way without the prior written permission of Llama Travel.

16. Data Protection

The information we ask you to provide, including personal information about you and members of your party, is necessary for us to arrange and operate your holiday. By booking a holiday with us, you agree to our processing this information, including, where appropriate, its transfer outside of the UK.

How to Book

To book a holiday or discuss your requirements, please call us on 020 7263 3000. We can usually confirm availability immediately, but may need to check with a supplier first.

Payment

There is no charge for bank transfers or cheques or for deposits on UK debit cards or standard UK Visa and MasterCard credit cards. Balance payments can be made by cheque or bank transfer only. We are unable to accept cash. Our bank details are: Llama Travel Ltd, Account No: 40738998, Sort Code 09-06-66.

What's included in the price

Prices are based on two persons sharing a room and include all flights, transfers and accommodation.

Where applicable, entrance fees, taxes and charges are included in our prices at the rates advised to us at the time of preparation. An adjustment will be made to your price if any of these change before your holiday.

Passports and Visas

British nationals require a visa to visit certain countries. E-Visas are available online for Sri Lanka, Cambodia, Laos, India, Namibia and Kenya, but must be requested in advance. The Jordan visa is included in the price of your holiday. A visa is required to enter Zimbabwe (for Victoria Falls), which can be purchased upon entry. For British passports endorsed in any way and all other passports, please ask the appropriate consulate or high commission. You need a full 10 year passport valid for 6 months after your return to the UK. To enter some countries, you require two blank pages in your passport. If combining countries, you may need more blank pages. If you are flying via the US or Canada, you need to comply with US or Canadian immigration requirements. If you are flying via Europe, you will need to comply with local transit requirements. Ask us for details.

If children under 18 are travelling, especially if not travelling with both parents, some countries require extensive documentation, including unabridged birth certificates and other official documents. South Africa has recently loosened these requirements, although we have been advised that in some cases birth certificates are still being requested upon entry, so we recommend taking these in all cases. Please consult the appropriate consulate for more information.

To issue some tickets, we require passport details and ages when you book. If you subsequently change your passport, please let us know as soon as possible.

Hotel grading

Official hotel ratings vary from country to country. Our standard hotels are tourist class hotels. Superior hotels usually offer better facilities and more comfort. More details on each hotel can be found on our website.

Hotel rooms

If you have a preference for a twin or a double room, please let us know. However, we cannot guarantee this as hotels do not allocate rooms until the day of arrival. Despite costing more per person, single rooms do not always offer the same level of comfort as doubles. Some hotel bathrooms have showers instead of baths. If you prefer a bath, please ask. If you arrive at a hotel before check-in time, your room may not be ready. You will be able to use the hotel facilities until your room is ready. Check out time is usually in the late morning. A charge is normally made for late check out.

Tickets and vouchers

You will receive tickets approximately 10 days before departure, along with information on accommodation, transfers and excursions. Please check airline tickets carefully in case timings have changed after we issued your confirmation.

Excursions and Extensions

Excursions are operated together with other holidaymakers. These will usually be in English, although groups are sometimes a mix of English and other languages. A minimum of 2 people is required for some excursions. On some occasions, the order of excursions may vary.

Insurance

Adequate travel insurance is essential. We do not sell or recommend any specific policy. A list of insurance companies that our customers have found suitable is available from us. Please advise your insurer of any pre-existing medical conditions and, if you are booking a holiday involving high-altitude trekking, such as the Inca Trail, make sure that you are covered for this. If you are planning on carrying out any other activities, please ensure your insurance policy will cover you for these. Note that cancellation cover is often only available if insurance is purchased at the time of booking your holiday.

Age and fitness limitations

For most of our holidays, age is not a concern. However, a reasonable level of fitness is required, as most holidays require some walking, sometimes on uneven ground. Even relatively mild activities can be strenuous at altitude. High altitude trekking is more strenuous than an equivalent length walk in the UK.

Health and vaccinations

Please consult your GP or a travel clinic about health and vaccination requirements. Advice for travellers is available at www.travelhealthpro.org.uk. Yellow fever and / or malaria precautions are recommended for visiting some countries. Yellow Fever certificates are sometimes required if you have recently visited a country where Yellow Fever is present, including for entry to Ecuador. Some GPs do not recommend yellow fever vaccinations for travellers over 60 years old. If you are pregnant or planning on becoming pregnant, please speak to your GP about Zika. Children under 6 require proof of vaccination against polio to enter Brazil. Please seek medical advice before you travel.

Covid-19 entry requirements are updated frequently. Please check government travel advice for the latest information.

Some Llama Travel destinations are at high altitude. Most visitors do not suffer major problems. However, shortness of breath is common and we advise you to take things calmly during your first day at altitude. If you suffer from a heart or lung condition, or think that you may suffer due to the altitude, please consult your GP.

When travelling, stomach illnesses are not uncommon due to changes in diet. We suggest you only drink filtered or bottled water and avoid ice in drinks. If you are unsure if salads and fruit have been washed in purified water, it is best to avoid them.

If you suffer from a disability or condition and are worried whether this will affect the enjoyment of a holiday, please call us. We will do our best to help. We recommend that you bring any medicines you require from the UK.

Outside of major cities, medical facilities can be basic, meaning a lengthy transfer if hospital attention is required.

Your safety and security

Most people who travel to the countries where Llama Travel operates experience no problems on holiday. However, as is the case anywhere in the world, crime can be a problem, especially in large cities. Tourists can appear attractive targets to criminals. To minimise the risk, use common sense. Do not display signs of wealth, such as expensive looking jewellery or cameras. Avoid empty streets, especially on your own. Take a taxi after dark. By taking sensible precautions, you should have a trouble-free holiday.

Each country has its own standards for health and safety, but these are often not as good as in the UK. We take this into account when selecting hotels and request that they comply with local regulations, but cannot guarantee that these are equivalent to British standards. Please take reasonable precautions to protect yourselves whilst on holiday, e.g. by locating fire exit routes.

Please also check government travel advice for the countries you are visiting at www.gov.uk/foreign-travel-advice.
